I love the convenience ,  
My order is delivered my  
door within a few days,  
and I love that I can  
actually talk to someone  
who knows what they are  
talking about . Price is  
important but not the  
biggest thing for me.

# Relief Milker Paige Foley

With Farm Solutions I am glad to have found a stable, welcoming, and enjoyable workplace. Farm Solution has given me many different work opportunities, from milking 70 cows to 750. As a young woman who has other hobbies such as camogie, it is often troublesome to juggle work and sports. Farm Solution gives me the independence to work on my own time schedule which lets me work around my hobbies. I believe that more young people should get into this line of work because of the high pay rate that helps to fund our busy social lives. Farm Solution is a fantastic operation that made me genuinely interested in my work.

*Paige Foley*
